Magnets
Clips
Suction Cups
Ceiling Hooks
Wreath Hooks

For over twenty-five years, Adams has created safe, easy-to-use, affordable products to suit a variety of consumer needs—from high quality suction cups and Holiday decorating accessories to a comprehensive line of stacking and folding resin furniture. The business began in Portersville, Pennsylvania, and remains there. Though we are situated in a small town, our state-of-the-art technology and skilled, dedicated associates have helped us grow exponentially. We're a world-class supplier that still cherishes its small-town values. Adams considers itself a "family business," and we're now fortunate to count over 200 friends and neighbors among our workplace "family."

Over the years, we've developed an "extended family" of customers and consumers. We listen to them; their needs and concerns are ours. Whether it's a consumer requesting a new way to hang a wreath on the front door, or a retailer requesting a high-impact merchandiser to drive sell-through, our customers are the lifeblood of Adams Manufacturing.

Our customers have helped us become the industry leader in many areas. We manufacture, with pride, the safest, most innovative USA-made products in the world. It is our privilege to provide our customers with the outstanding products, on-time delivery, and dependability that they need to run their business.

Many consumers have taken the time to thank us for our efforts. We'd like to extend an open invitation for you to contact us with product ideas, comments, or requests. In the meantime, we'll be here, in small-town America, building for the future of our business, and yours.

A handwritten signature in black ink that reads 'Bill'.

Bill Adams,
C.E.O
